

CAMP CONDITIONS DELAY MOBILIZATION

Chicago Organizations Entrain In Accordance With
Original Plans—Mobilization of Other
State Troops Delayed 48 Hours

RATIONS FOR 16,000 MEN ARE PURCHASED

SPRINGFIELD, Ill., June 20.—The mobilization of all infantry regiments, the signal corps and field hospital companies, number one and two of the Illinois State militia was postponed 48 hours tonight by Adjutant General Dickson when it was realized that it would be impossible to put the fair grounds in shape for the reception of the troops before that time.

The first cavalry, the Chicago batteries and engineer company will entrain tonight and mobilize at Camp Lincoln tomorrow morning in accordance with the original plan.

Great piles of manure soaked with crude oil were set on fire today at the fair grounds. The litter was said to be the accumulation of four successive state fairs. These smoking piles and uncompleted plumbing and lighting arrangements determined Gen. Dickson's course late today.

The horse organizations all go into camp under canvas at Camp Lincoln and the only arrangements necessary there are to open the gates when the soldiers arrive.

Rations for 16,000 men for five days were purchased here today by Adjutant General Frank S. Dickson to be turned over to the quartermaster corps. General Dickson said he would continue to buy garrison rations for five day periods during the existence of the mobilization camp.

200 Laborers Are At Work

Col. S. O. Tripp, assistant adjutant general was directing some 200 laborers at Camp Dunne. These men are hard to find here despite a general offer of fifty cents an hour for ordinary labor. Those who accepted jobs, however, worked all last night and today and most of them expressed a determination to continue work without resting as long as the jobs lasted. Major M. L. C. Funkhouser and other staff officers who have practically no hope of service outside the state were aiding in getting the camp in shape as best they could. Major Funkhouser superintended a gang of civilian employees who were hauling manure.

Lieutenant Bert Styles, first cavalry, of Springfield, was the only officer of the score or more working at the camp who will get to leave the state. The others are staff officers and are not provided for in the war department plans.

General Dickson announced today that the following organizations had been routed over the Chicago and Alton railroad: First cavalry, Second and Seventh Infantry, signal corps, engineer company and the headquarters and batteries B. and C. of the first battalion of artillery. The other Chicago organizations will be routed over the Illinois Central. These include First Infantry, Eighth Infantry and headquarters, and batteries D. and E. of the second battalion of artillery.

Rations for 16,000 Men

"We are planning for 16,000 men," said Col. Tripp today. "There may not be that many, but we would rather be prepared for too many than too few."

Included in the rations purchased today were 100,000 pounds of fresh mutton, 60,000 pounds of bacon, 80,000 pounds of canned meats, 80,000 pounds of corned beef hash, 240,000 pounds of dried, pickled and canned fish, 80,000 pounds of turkey, 100,000 pounds of potatoes and tons of flour, rice, prunes, beans, hominy, coffee, sugar and other foodstuffs.

For the horses 100 tons of hay, almost an equal amount of oats and corn and 25 tons of straw have been purchased. One hundred and twenty tons of straw will be used to fill the bed sacks on which the militiamen are to sleep.

Rain Delays Preparations

Col. Stephen O. Tripp, assistant quartermaster general, who is in charge of the work of preparing Camp Dunne for the infantry regiments of the national guard said tonight the sole reason for delaying the mobilization of the infantry organizations was to allow time for completing the work there. He said rain had delayed the work of the civilian laborers.

"Latrine trenches must be dug and plumbing and lighting installed and the barracks thoroughly cleaned," said Col. Tripp. "Governor Dunne

UNIVERSITY TRUSTEES OBJECT TO CANDIDACY

versity for Public Service Are
More Important.

CHICAGO, June 20.—Dr. Edmund J. James, president of the University of Illinois, who is being urged by friends to become a candidate for the Republican nomination for governor said tonight that he had not yet decided what action he would take. During the day Dr. James received a reply to his letter to W. L. Abbott, president of the Board of Trustees of the University of Illinois, asking if the board would willingly accept his resignation immediately in the event he decided to become a candidate for governor. President Abbott advised Dr. James that he believes the board of trustees would not willingly consent to his immediate retirement from the university.

The letter also said, "You are well aware that the months of July and August are among the most important and strenuous of the entire year for the president of the university and the members of the board of trustees * * * and we shall need your counsel."

"The university is indeed honored in this call which its president has received and which it is the university's policy to go to any reasonable limit to serve the state it can hardly be expected to sacrifice its president and its efficiency in that cause."

"It is a matter of regret to your friends on the board that they are compelled to interpose the interests of the university between you and the highest honor of the state but it appears to them that you still have at the university opportunities for public service which are quite as important as those you would have as governor."

HUGHES GUEST OF CLASS

Republican Presidential Nominee
Spends Day With Former Classmates

Tiverton, R. I., June 20.—Charles E. Hughes, Republican presidential nominee, was the guest of honor today of the Class of '81 of Brown University, which assembled here at the home of Benjamin Barker on Narragansett Bay. With about thirty of his former class mates, the nominee sat at a big round table in the open air, the chief figure at the annual class-bake of the class.

Politics was not discussed. Mr. Hughes will motor to Providence tomorrow to attend the commencement exercises at Brown University and will be the dinner guest tomorrow night of Governor Beckman. He will leave for New York at midnight tomorrow.

OPEN RECRUITING OFFICES.

City of Pittsburgh Will Keep All
Guardsmen on Pay Roll During
Service.

Pittsburgh, June 20.—Recruiting offices were today opened at armories of the Eighteenth Infantry and First Field Artillery, Pennsylvania National Guard with gratifying results. The city council passed a resolution keeping all guardsmen employees on the pay roll during service and many industrial companies are taking steps in the same direction. The Pittsburgh Military association, the local Plattsburg organization, which now numbers some 400 will recruit to full strength.

Four Hospitals in Case of Need

Chicago, June 20.—Four base hospitals of 500 beds each and costing \$150,000 will be the contribution of the Chicago branch of the American Red Cross in the event of war with Mexico, according to an announcement today. It was stated that the hospitals would be established and fully equipped regardless of possible immediate war.

TO REMOVE GOLD RESERVE

Coin Will Be Taken Away From
Mexican Border for Safety

Washington, June 20.—Comptroller Williams announced today that he had authorized one of the largest national banks on the Mexican border to remove its gold reserve to an inland city for fear of a Mexican attack. He declined to tell where the bank was located but said it was not in El Paso.

MINNESOTA PRIMARY.

St. Paul, Minn., June 20.—The nomination of Frank B. Kellogg in the contest for United States senator in yesterday's Republican primary is conceded tonight. He is leading former Gov. A. O. Eberhart by more than 10,000. Gov. J. A. A. Burnquist has been renominated without question by the Republicans. On the Democratic ticket, D. W. Lawler, of St. Paul has been nominated for United States Senator. For governor the Democrats chose T. J. Dwyer, according to latest reports.

FIRST CAVALRY I. N. G. ENTRAINS

LEAVES CHICAGO THIS MORN-
ING FOR SPRINGFIELD

Troops Number 1,234 Men--Commanders
Confident Regiments Will Be Re-
cruited to Full War Strength

CHICAGO, June 20.—The troops of the First Cavalry, I. N. G., Col. Milton J. Foreman commanding, gathered at the armory tonight preparatory to entraining at midnight. They will sleep overnight on train leaving at 7 o'clock in the morning over the Chicago & Alton for Springfield. The troops number 1,234 men, 274 of whom are recruits.

Tabulations made by militia officials at 6 o'clock showed that the total strength of the national guardsmen in Chicago at that time was 6,026 men and officers, 1,613 of whom are recruits.

Recruiting in the various armories went on tonight. The regimental commanders were confident that within the forty-eight hours additional time given them before entraining that they would be able to recruit their commands to full war strength before they moved on to Springfield.

Many of the guardsmen appeared disappointed because they were not entraining tonight.

Several more large business concerns announced today that they also would keep the jobs open for the men who are ordered out and in several cases said that their pay would continue during their absence.

One hundred and twenty-five employees of the Chicago postoffice have been called out. Among their number were Gen. D. Jack Foster and Col. John J. Garrity.

The eighty-nine employees of the city who have been called will get the difference between the pay they receive as soldiers and what they would receive from the city, the city council announced today.

Thousands Cheer Soldiers

As the first cavalry marched thru the loop to entrain they were accompanied by hundreds of persons, who wildly cheered them. Headed by their band, the troopers, despite the heavy rain, were cheerful, shouting to their friends who lined the sidewalks and singing songs. Their favorites were "Hail, hail, the gang's all here," and "We're here because we're here."

Many of their comrades from the infantry regiments which have been held back forty-eight hours looked wistfully on. Others gave vent to their feelings by shouting at the top of their lungs words of cheer and encouragement.

Many women were along the line of march and every few feet or so, one of them, a friend or relative of some trooper, would run up to her "soldier boy" and embrace him as he marched along.

At the Harrison street depot they were met by several thousand persons, who had gathered to say goodbye. Such farewells had not been witnessed in Chicago since the Spanish-American war.

SCOUTS RECRUITING RAPIDLY

Boys Organization Membership In-
creases 72,272 in Last Four Months

New York, June 20.—Recruiting of the Boy Scouts has progressed so rapidly that within the last four months the membership has increased by 72,272, reports James E. West, chief scout executive. The net gain in membership since last year is more than 43,000 and the total registered scouts now number 182,982 besides 43,000 officially enrolled as leaders.

"This group of more than 225,000 men and boys is larger than our combined army and navy and almost as large as the proposed new army," said Mr. West.

"OTHER GIRL" IN ORPET CASE MAY TESTIFY

CELESTIA YONKER EXPECT-
ED TO TAKE STAND TODAY

Her Testimony May Prevent "Love
Letters" to Orpet from Being
Made Public.

COURTHOUSE, WAUKESHA, Ill., June 20.—Celestia Yonker, the "other girl" in the case of William H. Orpet, university student charged with the murder of Marion Lambert, is expected to take the witness stand tomorrow.

By testifying she may prevent letters which passed between her and Orpet from being made public. Judge Donnelly read the letters two months ago and at that time said they were the affectionate letters of a sweet innocent and loving woman, and that he would preserve their privacy if possible. It is probable that the last of the state evidence will be presented tomorrow.

Much of today's testimony concerned statements alleged to have been made by Orpet to lawyers, policemen and newspaper reporters just before and immediately following his arrest. The admissibility of much of it was in question and the witnesses in many instances were interrogated while the jury was excluded from the room. Its members were brought back to hear the admissible portions.

Tone of Letters Becomes Cooler.

It was first excluded when State's Attorney Dady sketched the purported contents of letters from Orpet to Marion. Last summer they were urgent and jealous in tone. They complained because Marion addressed him as "Dear" instead of "Dearest" and in nearly every reference was made to illicit relations. There was a lapse in the series while Orpet was at home in Lake Forest for the summer vacation. When he returned to the University of Wisconsin at Madison, in the fall, the tone of the letters was cooler. State's Attorney Dady remarked, Marion was no longer "dearest," but merely "dear Marion," and the young man who a few months before had been watching the mails for her letters to him was now constantly apologizing for not writing to her. Judge Donnelly took the matter of admissibility under advisement.

The last of the letters, written Jan. 22, said that he would call her up Feb. 8 and would see her the next day. According to previous testimony Marion had for some time been curious to know whether reports of Orpet's engagement to Miss Yonker were true, but is said to have told two of her girl friends that she did not know whether she would see him. She did, however. Her body was found in the snow at Helm's Woods the next day.

The Day's Witnesses.

Witnesses today were Walter McGuire, chief of police at Lake Forest, the home of Orpet and Marion; Victor Barnett, a newspaper man of Madison, Wis.; Sheriff Elvin Griffin, who arrested the defendant, and Everett Friganza and John Kessler, Chicago reporters.

It developed in their testimony that Orpet at Madison on Feb. 10, denied that he had been at Lake Forest, but later admitted that he had been, and that from the time his name became mentioned with Marion's death he was besieged with letters by police, lawyers and reporters seeking to clear up the mystery.

New Haven, Conn., June 20.—With the score tied in the ninth and the bases filled, Percy sent a slashing triple to left and Harvard won the first game of the series from Yale today, 5 to 2 in the presence of a large commencement crowd.

WINDSTORM IN COLORADO

Nine Persons are Injured By Storm
—Communications Cut Off

Denver, Colo., June 20.—Nine persons were hurt, two probably fatally, by a windstorm that last night swept southern Producers county, southeastern Colorado, according to meagre advices reaching here today. Telephone communication with the district was prostrated.

ONLY 70 ENTRIES RECEIVED.

New York, June 20.—Howard P. Whitney, secretary of the United States Golf Association, announced here today that only seventy entries had been received so far for this year's national open championship, which is to be decided on the links of the Minikahda Club, Minneapolis, June 26-30.

EXPLOSION KILLS ONE.

Springfield, Ill., June 20.—John Hallahan will die as a result of an explosion here tonight of a gas oven in the paint shop of the Sangamon Electric Company, which manufactures meters for submarines. The explosion blew out all the windows in the room and was heard for many blocks.

U. S. TROOPS CLOSE TO MEXICAN FORCES

With the Carranzista Troops and Soldiers of Gen.
Pershing in Such Close Proximity the
Danger of a Clash is Increased

PRESIDENT SENDS FINAL NOTE TO CARRANZA

COLUMBUS, N. M., June 20.—Carranzista troops and soldiers of Gen. Pershing's expeditionary column south of Namiquipa are on the verge of hostilities according to reports from the field tonight. A wireless despatch from Col. D. B. Cabell, Gen. Pershing's chief of staff, said that the attitude of the Carranzistas was such that American motor truck supply trains are in danger of being fired upon.

The Carranzistas are said to have mounted artillery in positions menacing the Americans and dispatches indicated that with the two commands in close proximity the danger of a clash is increasing.

Persistent rumors were current here tonight that Gen. Pershing has split his command into three columns, each prepared to move in the event of hostilities, while others said that truck trains had been fired upon. However no confirmation of the reports could be obtained at military headquarters here.

Question of War or Peace Rests With Carranza.

WASHINGTON, June 20.—The issue of war or peace with Mexico, hung in the balance tonight awaiting Gen. Carranza's decision as to the course he will pursue. Officials here believe that 48 hours might bring a clear understanding of what the immediate future has in store.

A note signed by Secretary Lansing, conveying President Wilson's rejection of the demand for withdrawal of American soldiers from Mexico, accompanied by a specific warning that an attack on the troops "will lead to the gravest consequences," was telegraphed to Mexico City today by Eliseo Arredondo, Mexican ambassador designate. In plain terms it accuses Gen. Carranza of having brought matters to the verge of war by open hostility toward the United States and failure to safeguard even the lives of Americans in Mexico or on the border from the lawless elements among his countrymen.

BULLETINS

Colonias Durban, Chihuahua, June 20.—Via wireless to Columbus, N. M.—An American soldier was captured today by Carranzistas at the Casas Grandes garrison, and held prisoner several hours. He was released only when Gen. J. J. Pershing, expeditionary commander sent a demand in which he warned the Mexican commander that if the soldier was held an hour longer, American troops would attack the town.

Brownsville, Tex., June 20.—Passengers arriving at Matamoros, opposite here today, reported a rumor was current in Monterey that a party of Americans at Cerralvo, an isolated mining town in Nuevo Leon, were massacred by Mexicans.

Brownsville, Tex., June 20.—A large force of infantry began moving down the Rio Grande from Brownsville tonight in civilian automobiles for an unknown destination. The only information obtainable at Fort Brown was that this force, the size of which was unknown was for "patrol work tonight."

Baltimore, Md., June 20.—Captain W. Nutman of the Oil Tank Steamer Edward L. Doheny, which arrived here from Tampico several days ago, was ordered to proceed at top speed to Tampico to take American refugees aboard. The order came from the ship's owners in Mexico.

Bisbee, Ariz., June 20.—An automobile driver from Naco, Ariz., to Bisbee, about ten o'clock was fired upon presumably by Mexicans, one mile this side of the border. Officers are investigating.

El Paso, Tex., June 20.—Much interest was taken here today in a telegram received at the Mexican consulate from the official news bureau in Mexico City. This message read:

"Gen. Carranza addressing a patriotic crowd in Mexico City, declared that there would be no war between the United States unless the United States should send a further punitive expedition into Mexico."

U. S. FORCE 70,000 STRONG WILL SOON FACE MEXICANS

SAN ANTONIO, Tex., June 20.—Facing Carranza's defiant army in northern Mexico there will be stationed along the Rio Grande within a week or ten days an American force that will total, it was stated today, almost 70,000 men. General Funston has requested the war department to send him as quickly as possible a large part of the national guardsmen and advices received late today indicated that entraining of the first troops would be begun tomorrow.

General Funston did not announce how many he has asked for, nor the stations to which they will be sent, but it is known that he expects more than a division and it was said that not less than 28,000 would be sent.

Secretary Lansing's note to Carranza's minister of foreign affairs, was read carefully by General Funston and members of his staff.

Those officers familiar with the temperament of the Mexican officials regarded it as a communication almost certain to sweep aside the barriers holding apart the two armies. Already the border army, made up of troops of the regular establishment and the militiamen of Texas, New Mexico and Arizona comprise more than 40,000 men.

Must Protect Own Borders

In sternest terms, the note repudiates and resents imputations of bad faith and ulterior motives brought against the Washington government in the Mexican communication to which it is a reply. Gen. Carranza is informed in so many words that protection of its own borders is the only object sought by the United States; and is told that that object will be pursued whatever the consequences may be.

When the note had been handed to Mr. Arredondo for delivery to his chief, copies were sent to all embassies and legations for their information. A summary was telegraphed to Special Agent Rodgers in Mexico City that he might wisely counsel American residents there. He will not communicate it to Carranza officials.

Mr. Rodgers reported during the day that he had arranged for a refugee train to carry Americans and other foreigners from Mexico City to Vera Cruz. He expects to see it off tomorrow, but will remain at his post himself unless a declaration of war or a deliberate act of war by the de facto government should make it necessary for him to leave.

While the United States awaits Carranza's next move, steps to make the border secure against whatever may come are going steadily ahead. Mobilization of the National Guardsmen is proceeding expeditiously in all states, and plans for sending some of them southward in response.

None of the guardsmen summoned under President Wilson's call were ready tonight for marching orders. It may be a matter of several days before the first regiments are mustered in, as the men will have to be examined physically, additional camp equipment assembled for them and the trains to carry them to the border arranged for.

The entire guard of the District of Columbia will be under canvas tomorrow at Fort Myer, Virginia, ready for muster. Several states already are expected to complete their mobilization by tomorrow night and a decision may then be reached as to which forces will be moved first. War department officials have been gratified at reports of crowded recruiting stations in several states.

No increases in the allotments of troops called from the different states are now contemplated. It was learned that the selections made were designed to furnish the ele-

CONTEMPT CHARGES AGAINST U. S. DISTRICT ATTORNEY SUSTAINED

WASHINGTON, June 20.—Contempt charges against H. Snowden Marshall, U. S. district attorney at New York because of his criticism of a house subcommittee were sustained by the House today by a vote of 208 to 85, and the sergeant at arms was ordered to take Marshall into custody and bring him before the bar of the House.

It is expected that a public reprimand will be the sentence imposed on Mr. Marshall when he is brought before the bar of the House. The action is the outgrowth of impeachment proceedings brought against him by Representative Buchanan and the subcommittee which investigated them and whose motives he impugned already has recommended against impeachment.

Speaker Clark probably will issue a warrant tomorrow, but some of Mr. Marshall's friends said tonight he might anticipate its service and appear voluntarily. Altho House leaders have indicated they would be satisfied with a reprimand, a more severe punishment, including imprisonment, might be imposed should the house so decide. A vote on that question will be taken later.

Patriotism Is Rife.

Patriotism is rife the country over because of the Mexican situation, and this has been evidenced in larger cities by announcement from employing companies that they will pay the wages of men who go to the front during their absence, or at least will keep them on half pay, and that their positions will be open to them following their return. In ordinary times the recruiting offices in the cities are quiet spots where few come and go. In decided contrast to usual conditions recruiting offices have presented a very lively appearance during the past few days and there has been a clamor from men seeking enlistment if they can be promised that they will at once be placed with the mobilized troops and later sent to the border. So on every hand there come the certain indications of American patriotism.

Fourth To Be Patriotic.

The mayor of Springfield has taken advantage of the fact that thousands of troops will probably be mobilized at the state fair grounds in Springfield July 4th to make that day more than the usual celebration, and the people of Springfield have been asked to join in paying honors to the national guard. Conditions are such that the Fourth of July this year promises to be more than mere noise and gaudy demonstration, and the people will start in with Fourth of July observances which will really smack of patriotism. It's about the only advantage that can come from possible conflict with Mexico—this adding of fuel to the smoldering fires of patriotism, and thus affording to the world the certain evidence that this, the greatest country on the globe, while acknowledging certain deficiencies in army and navy, is ready to show to the world that the hearts of a hundred million citizens beat with almost one accord when it comes to defending the honor and name of this country against any foe.

Sir Sam Hughes Case.

Some of the headlines now appearing in the press are confusing as the name Hughes appears and the underlying story tells about the trial of Gen. Sir Sam Hughes, Canadian minister of militia, instead of Charles Evans Hughes, Republican nominee for the presidency. The trial of Sir Sam Hughes at Ottawa on the charge of irregularity in the letting of munitions contracts, has attracted world wide attention. A storm of criticism has been added to that caused by the original charges, by the statement the defendant has made declaring that the late Lord Kitchener was responsible for the heavy losses of Canadian troops at Ypres. The Canadian insists that he had urged Kitchener that

HOT WEATHER.

You say, "Great Scott! The day is hot! The solar rays are pelting, on my old form, till I'm so warm that all my lard is melting!" And when you meet, upon the street, some other panting duffers, each has his say about the way he sizzles, sweats and suffers. The more you think you're on the blink, the more you will be fretting; when ill about and throng around, there's nothing like forgetting. We fume and curse, and pet and nurse our every punk affliction, when, if we'd smile and josh awhile, 'twould leave our jurisdiction. When heat is hot, I say, "I wot, no kick of mine will change it; the weather man pursues his plan, and roars will not derange it. I did not weep when snows were deep, and in the blast I shivered, and I'll not sulk because in bulk the heat is now delivered. It does not help to howl and yelp, there is no good in snorting; I'll think of floss and Eskimos, and polar bears cavorting."

the Ypres salient be abandoned and that Kitchener had the matter under advisement when the charges made against Hughes made it impossible to proceed further with the negotiations between the two. In many quarters Hughes must meet the charge that he is endeavoring to bolster up his own cause by attacking the record of a leader who is dead and unable to answer.

Packers Buying Direct.

The national livestock exchange has issued a circular letter protesting against the menace which is seen in the growing tendency of packers to buy direct from livestock producers. The exchange declares the intention to bring the matter before the interstate commerce commission with the claim that certain favors are shown to packers by the railroads in unfair competition with stock shippers.

According to the exchange the plan, if persevered in, will give the packers a still stronger hold than they now have upon the markets and the producer will be more than ever at their mercy.

The argument presented is not clear enough to satisfy all the producers and some of them have the idea that in shipping direct they would not be any more at the mercy of the packers than has been true in the past. They have the further idea that shipping direct will eliminate certain costs of doing business which now are of no value to anyone except livestock commission men. The shipping direct from the grower to the packer is a question which, when benefits are considered, has more than one side.

An American in Europe

'Tis fine to see the Old World, and travel up and down
Among the famous palaces and cities of renown,
To admire the crumbling castles and the statues of the kings—
But now I think I've had enough of antiquated things.

So it's home again, and home again, America for me!
My heart is turning home again, and there I long to be.
In the land of youth and freedom beyond the ocean bars,
Where the air is full of sunlight and the flag is full of stars.

Oh, London is a man's town, there's power in the air;
And Paris is a woman's town, with flowers in her hair;
And it's sweet to dream of Venice, and it's great to study Rome;
But when it comes to living, there's no place like home.

I like the German firwoods, in green battalions drilled,
I like the gardens of Versailles with fashing fountains tilled;
But oh, to take your hand, my dear, and ramble for a day,
In the friendly western woodland where Nature has her way.

I know that Europe's wonderful, yet something seems to lack;
The Past is too much with her, and the people looking back,
But the glory of the Present is to make the Future free—
We love our land for what she is and for what she is to be.

Oh, it's home again, and home again, America for me!
I want a trip that's westward bound to plough the rolling sea;
To the blessed Land of Room Enough beyond the ocean bars,
Where the air is full of sunlight and the flag is full of stars.
—Henry Van Dyke.

Big Newspapers Will Aid Commerce

A number of the influential papers of the country have formed an organization and will send a representative to South America with the end in view of increasing the trade relations between the United States and the countries there. The representative of the papers will seek to develop a sympathy and mutual understanding between the business men of the two countries. Manufacturers of the United States are seeking to prove to the business men in the South American countries that they have goods to offer them equal in quality and with as favorable prices as they have obtained in the past from European countries. On the other hand, the South American business men would like to impress upon capitalists of the United States that there are great undeveloped fields of business in the South American countries and that with investment of capital there, while it will serve to develop the country, will also make large returns for the investors.

Many large enterprises are now in process of organization in the development of the resources of Argentina and the construction of public utilities. Large oil fields have been discovered in one district, and while the government desires to develop these fields itself, there are many opportunities awaiting business men with capital and energy. The sending of the special representative by the newspapers and the opening of an office in South America is indicative of the increasing usefulness of the great newspapers. The management of these papers, while actuated to a certain extent by altruistic motives, seeking to develop larger business for this country have the knowledge that from the increased business thus resulting if their project succeeds, that they in turn will receive their share of the benefits.

And speaking of newspapers in this connection brings to mind that one of the greatest papers in the world is published at Buenos Aires. It is an endowed paper and the building in which it is published cost hundreds of thousands of dollars. The paper is really a public institution and in the building where it is published a great library, a free medical dispensary and an amusement hall are only a part of the features constantly maintained for the benefit of the public.

MR. CALLAHAN ACCEPTS OFFER TO COME TO JACKSONVILLE

Galesburg Man Will Be Principal of the Local High School.

P. W. Callahan of Galesburg has accepted the offer made by Superintendent Perrin of the Jacksonville schools and will become principal of the high school. This information was communicated to the board of education yesterday by Superintendent Perrin, who is at Normal. As previously indicated, Superintendent Perrin will probably be here Friday night to attend another meeting of the board of education. The papers and files belonging to the board were moved yesterday from the city clerk's office, under the direction of Mrs. Mary Pierson, secretary of the board, to the superintendent's room in the David Prince school. This action was taken in accordance with the order of the board made at the meeting Saturday night. The board papers occupied at the city hall more files than those belonging to the board and it will be necessary to arrange additional storage space in the new quarters.

WARNING

Persons cutting weeds and the like are warned not to throw them on the travel way.

By Order of the Commissioners of Road District No. 3.

COUNTY COMMISSIONERS

WERE HELD PRISONERS.

The board of county commissioner were held prisoners in the court house for several hours Monday evening. There are different stories as to how the thing happened.

The commissioners are holding their regular session and on Monday were unusually busy. They had occasion to visit the basement of the court house and told Janitor Wannamaker to leave the side door unlocked. Wannamaker says he followed orders. However, John F. Clark when he left the court house by the side door thoughtfully locked it after him and the three commissioners were safe on the inside.

Judge Robert Coultas, chairman of the board was in a predicament. He had his stock to feed and other chores to do about the house and could not get out or get to a telephone. All manner of means was used to attract the attention of some passerby but without avail until about 8 o'clock. Then word was gotten to someone outside and a telephone call was sent to Sheriff Graff to come to the court house to release the prisoners. Before the sheriff arrived another employee had appeared and unlocked the door. The commissioners after their experience went into executive session Tuesday and it is probable that a telephone will be placed in the basement so that if anything of a similar nature happens in the future assistance can be secured.

MAY APPEAL DAVIES CASE.

There were no developments of record in the Davies case Tuesday but some of the attorneys interested had a conference with Judge Burton and indicated that an appeal will be taken on behalf of the English heirs. The statement was also made that attorneys for these heirs might also ask to bring action against A. C. Rice as administrator of the Llewellyn Davies estate, to restrain him from holding a sale of eighty acres of the property next Saturday to pay debts. There is the possibility that by agreement certain lands may be turned over to the administrator of sufficient amount to pay the debts against the estate, and if this action is taken there will be no need for a sale of the tract in order to secure funds for that purpose.

Of course we are going to have a 4th of July celebration and you want to buy that Ford car and join in the parade.

BROOKLYN EPWORTH LEAGUE.

A business meeting of the Brooklyn church Epworth league was held Monday evening. Officers were elected and delegates selected to the district meeting to be held at Waverly. The officers and delegates are:

President—Frank Bourn.
First Vice-president—Ora Theobald.
Second Vice-president—Estelle Scholfield.

Third Vice-president—Nina Wright.
Fourth Vice-president—Helen McCurley.
Secretary—Victor Sheppard.
Treasurer—Elza Brown.

Delegates—Grace Theobald, Gladys Howard, Marie Gohsen, Estelle Scholfield and Elza Brown.

EIGHTH WONDER OF

THE WORLD

Dennis Whalen is assistant bookkeeper of the Farmer's elevator located at Rees. For his services Mr. Whalen has been receiving the princely sum of \$60 per year. Recently a meeting of the directors of the elevator was held. Mr. Whalen appeared before the body and said he would like to make a few remarks. He was granted permission and told the directors that his services were not worth \$60 per year. Asked as to what he thought they were worth he said that about \$25 would be the proper amount. The directors evidently were sports, however, and they made it \$30 per year.

PICNIC POSTPONED.

The all-day picnic, to have been held today by the Ladies' Aid society of Franklin Christian church, has been postponed on account of weather conditions.

UTILITY COMPANY IN QUINCY OFFERS REDUCTIONS

Ninety Cent Gas and Ten Cent Electricity If Suit Before State Commission Is Withdrawn.

Quincy, Ill., June 20.—In their "peace" offer to the city council, officers of the gas company last night cut down the price of gas rates ten percent and light rates two percent on condition that the pending suits before the commission at Springfield be withdrawn. The offer means a 90 cent gas rate, a ten cent electricity rate and a saving to the city for the first year of more than \$25,000. The council meets in special session Wednesday night to take final action.

Proposed Gas, Light & Fuel Rate, Approximately 7,000 Meters

90c net or \$1.00 gross for first 10,000 cubic feet per month.

80c net or 90c gross for next 10,000 cubic feet per month.

70c net or 80c gross for next 10,000 cubic feet per month.

60c net or 70c gross for all over 30,000 cubic feet per month.

Minimum bill, 50c per meter, per month.

The light rates are divided into the residence district, commercial houses, regular and factories, under contract with the company. Their complete schedule for all three divisions is:

Proposed Lighting Rate of Residence, Approximately 1675 Consumers

First 30 kilowatt hours (net) 10c.

All over 30 kilowatt hours, (net) 7c.

Minimum bill 50c, per meter, per month, 5 percent added to net amount of bill if not paid within ten days from date of bill.

Proposed Lighting Rate, Commercial (regular), Approximately 1,100 Consumers

First 20 hours use active load, (net) 10c.

Next 30 hours use active load, (net) 7c.

All over 60 hours use active load, (net) 3c.

Minimum bill \$1.00 per meter per month, 5 percent added to net amount of bill if not paid within ten days from date of bill.

Active load determined as follows:

95 percent of 1st, kilowatt connected load.

90 percent of next 2 kilowatt connected load.

70 percent of next 7 kilowatt connected load.

Proposed Lighting Rate, Commercial (special) Contract

\$2.50 net per month per kilowatt of active load plus.

3c net per kilowatt hour 1st 60 hours use active load.

2c per kilowatt hour all over 60 hours use active load.

Minimum bill, \$1.00 per meter per month.

Active load determined same as in regular rate, 5 percent added to net amount of bill if not paid within ten days from date of bill.

The net minimum bill, per month, now is 50 cents, with a penalty of 25c after the first 10 days. Noticeable reductions in these clauses are seen in the new figures.

MORTUARY

Kavanagh.

Christopher Kavanagh, a resident of Ashland, died at Passavant hospital at 11 o'clock Tuesday night. Deceased was born in Bennington, Vt., Jan. 12, 1853 and at the time of death was 63 years, 5 months and 8 days old. He is survived by his widow and six sons: William, Christopher, John, James, Leo and Patrick. One son, James preceded him in death, March 11, 1916.

The remains will be sent to Ashland today where the funeral will be held, the time of which will be announced later. The body was taken to O'Donnell's undertaking parlors to be prepared for burial.

Dent

Mrs. Hattie Dent, wife of M. W. Dent of Scottville, died at Passavant hospital Tuesday night at 9:15 o'clock, after an illness which for more than a week has been the cause of grave apprehension on the part of relatives. Mrs. Dent was a sister of E. A. Dugger, who during the school and college terms has been a resident in Jacksonville.

The body was taken to the undertaking establishment of J. G. Reynolds and will be sent to Scottville for burial.

WITH THE SICK.

Columbus, N. M., June 20.—Lieutenant David H. Scott, son of General Hugh L. Scott, chief of staff of the U. S. army arrived here today from the field suffering with tropical fever. He will be taken to the military hospital in Washington for treatment.

CONCORD

The District Ministerial Convention of the M. P. church closed a very successful four days' meeting at the church here Friday evening, there being a large attendance of ministers and laymen, also J. E. workers, there being present J. G. Read of Clinton, Ill., from another district, who gave a glowing account of his visit as representative to the general conference in Ohio.

Concord and vicinity has again been visited by the grim messenger and removed from our midst one who will be greatly missed by those who were the most closely related to her and a host of friends, Mrs. John B. Ratliff. To those most intimately acquainted with her there is nothing that can be added to help in any way.

Mrs. Geo. S. Lewis and Mrs. Addie Wilson were taken by auto to Froedrick to visit the Owing family there Wednesday by their friends from Peoria, then Friday they went by the same way to Peoria for a visit and from there to Chicago.

Mr. and Mrs. Louis Rexroat attended Mrs. W. B. Rexroat's funeral Saturday in Jacksonville.

Howard Rentschler spent Monday afternoon in Jacksonville.

Mrs. John Kershaw was visiting in Jacksonville Monday.

Mrs. Catharine Wenger and daughter Miss Catharine returned recently from Citronelle, Alabama, where they spent the winter and are glad to return to Illinois.

Mrs. Mary O'Keefe was a Jacksonville shopper Monday morning.

Glenn Caldwell returned about June 1st from several months stay at Memphis, Tenn., and left Monday morning for Jacksonville where he will act as R. M. C. on the C. P. & St. L. from Jacksonville to Havana this week.

Miss Marie Moss of Alexander visited her grandmother, Mrs. Mary A. Hanna and attended the M. P. Convention. She returned home Saturday, accompanied by one of the C. E. delegates from Canton for a visit.

Miss Georgia Hamilton of Winchester was in Concord Monday.

Mrs. Martha Abbott and daughter of Farmington, Ill., left Saturday for her home after several days with her mother, Mrs. Mary Ator, also her sisters and other relatives.

Mr. and Mrs. Harry Ogle of Grace Chapel attended the funeral of their friend, Mrs. Ratliff, Friday and the sessions of the convention also, getting rained in with their auto and Mr. Ogle staying until Saturday and taking Mr. and Mrs. J. A. Smith with him to the Chapel ice cream supper.

Lloyd Smith and Othello Yeck attended the bazaar and supper Saturday evening and report an excellent time.

Messdames Mary Yeck, and Aura Valentine visited Friday at Joy Prairie with Mrs. Yeck's niece, Mrs. Chas. Martin and brought word from the venerable Mrs. John Angel who is in a hospital in Decatur, that she is improving.

Mr. and Mrs. Jas. Rexroat attended his brother Bailey's wife's funeral Saturday in Jacksonville.

Mrs. Ellen Coultas of Chapin was in Concord Monday noon.

Miss Irene Valentine is visiting relatives in New Berlin.

Mrs. John O. Mick and daughter Miss Corrine, quite pleasantly entertained the W. F. M. S. at the June meeting, serving delicate refreshments along with the other good things. It is needless to say these meetings are well attended.

BOSTON HEIRESS BECOMES A BRIDE.

Boston, Mass., June 20.—A special train conveyed a large party of guests to Beverly Farms today for the wedding of Miss Phyllis Sears, who is known as the wealthiest young woman in New England, and Bayard Tuckerman, Jr., of this city. The bride is the daughter of Herbert M. Sears of Boston and Beverly. She inherited millions on the death of her mother, and more millions on the death of her grandfather. The bride-groom is a son of Bayard Tuckerman of New York and Boston. He is a Harvard graduate and one of the best known gentleman jockeys in the country.

DIAMOND JUBILEE OF HAWAIIAN COLLEGE.

Honolulu, June 20.—The celebration of the seventy-fifth anniversary of the founding of Oahu College, the oldest educational institution west of the Rocky mountains, was observed in today with a reunion of alumni and other friends of the college from many parts of the world. The exercises and festivities in connection with the diamond jubilee will continue three days. One of the most attractive features is to be an elaborate pageant illustrating old Hawaiian history and legend.

CLASS DAY AT HARVARD.

Cambridge, Mass., June 20.—Class day at Harvard, with its many gatherings in which the seniors played the leading part today, proved to be one of the most interesting and delightful in years. All day long the famous yard was thronged with daintily gowned young women who had assembled from all parts of the United States to aid their friends in the senior class in observing the day in a fitting manner and according to time honored and traditional customs. The "spreads," which are always a prominent feature of class days at Harvard, were unusually elaborate.

SOCIAL EVENTS

Mrs. McCarty Hostess to Ella Ewing Circle.

"China and Japan" was the subject for study at an interesting meeting of the Ella Ewing Circle of Central Christian church Tuesday evening at the home of Mrs. Clarence McCarty on South Diamond street. Miss Marie Finney was leader and Miss Florence Rice led the devotional service. "Little Grandma" was given as a reading by Miss Louise Hamilton. The work of two Chinese missionaries, Miss Lillian Collins and Miss Wilkinson, furnished material for two papers, Miss Esther Carlson presenting a biographical sketch and Miss Lucille Allison treating more especially the missionaries' work. Mrs. Lloyd Hamilton gave a talk on mission work in China and Miss Mary Dewees discussed labors among the people of Japan. Japanese themes were handled in pleasing manner in a book review by Miss Adelaide McCarty. Bits of information gleaned from the foreign field were offered by the members at roll call.

A unique decorative scheme was carried out in the luncheon. With the evening topic as a basis, Japanese lanterns and Chinese suggestions were employed in the dining room to pleasing effect.

Gave Family Dinner Party at Country Home.

A dinner was given at the home of Mr. and Mrs. Timothy Murphy, four and a half miles west of Murrayville Monday in honor of their daughter who is Sister M. DeLourdes of the Dominican Sisters at Springfield; their cousins, Rev. Luke Mandeville, Jacksonville; Sr. M. Thomas Mandeville, Dominican order, Springfield; and Sister McCarty and Sister Philomen of the Holy Cross order of Notre Dame, Ind. There were about seventy-five relatives and near friends present and they greatly enjoyed the excellent dinner served and the generous hospitality of the Murphy home. In the afternoon a large number of other friends called and the occasion was one of great pleasure. Refreshments were served to the afternoon company. Among those present were Rev. Father Flynn of Murrayville, Luke aMandeville and daughter, Miss Mary, of O'Neill, Neb.

Mrs. Brown Entertains Franklin Homemakers.

The Franklin Homemakers' circle met for a profitable afternoon Tuesday at the home of Mrs. George Brown, with local improvement as the general theme. "Method and Means of Making Our Own Town More Beautiful" was the title of an interesting paper by Mrs. Lewis Roberts. Mrs. William Rees presented in able manner, "The Value of Being Practical, or Doing Common Things Well." At roll call the members answered by citation of "some needed local improvement." Mrs. John Ryan was present as a guest of the circle. The menu served by the hostess included bread and butter, pressed chicken, chocolate cake and brick ice cream.

The Peerless Mitchell Car

JOHN W. BATE, the efficiency engineer, is in charge of Mitchell production.

He designed the model factory, which now covers 45 acres. He equipped it with 2092 minute-saving machines.

The \$5,000,000 Mitchell plant is now conceded to be the most efficient in the world for building cars of this class.

His genius for efficiency is also shown in a thousand details of the car itself.

It appears in utter simplicity. It appears in a wealth of Chrome-Vanadium steel.

It is shown in 184 drop forgings, in 256 steel stampings—largely displacing parts heavier, more brittle and less strong.

37 engineers, each a notable expert, most of them of nationwide fame, selected the Mitchell as the car for their personal use. They did it of their own volition. The fact is that these men—who can understand—bought the Mitchell for themselves. And by this choice they certify the Mitchell as a masterpiece of modern engineering.

REV. L. J. CHRISTIAN WRITES ABOUT HIS WORK AMONG CHINESE

Missionary Supported by Congregational Church Here Makes Report—Thousands Aid Thru Hospital Work—War Has Meant High Drug Prices.

For some years the Congregational church of this city has supported Rev. Leonard J. Christian, a missionary in Foochow, China and from his report to the church some extracts are given. Dr. Kinnear mentioned in the report, is the efficient surgeon in the hospital supported at the mission and his devoted wife is a trained nurse who works with him. They recently returned from a furlough enjoyed in this country. Dr. Christian has a multiplicity of duties, superintendent and treasurer of the hospital and active in many other ways.

"Thirty seven thousand treatments is the record your hospital has made during the past twelve months. Thirty seven thousand times has a healing hand been reached out, and brought relief and comfort to suffering ones. We wish to thank you first of all, one and all, for making it possible for us to serve so large a number of His needy children. We have appreciated fully the special demands that have been made upon your sympathies from the stricken peoples of Europe; and we are in an especial sense grateful to so many of you who have continued by your gifts and prayers to hold up our hands.

Drug Prices Increase

"The great European Conflict, which has brought misery and suffering to all the nations involved has had a direct effect upon the work of the hospital, also. One result was the call which Dr. Charles Wolfe, an active member of the hospital staff, felt that it brought to him to aid his nation by offering his services for Red Cross work. Dr. Wolfe, as most of our friends know, was an English doctor whose services we felt ourselves fortunate in securing during the absence of Dr. Kinnear.

near. He carried on the greater part of the work himself, so that on his sudden departure, Dr. Cooper had to give his entire time and attention to the hospital before he had completed his language study. Another direct result was the steady rise in prices on all medicines used. Carbolic Acid, which, before the war, could be bought for less than fifty cents per pound, costs today over two dollars, American money. Quinine in bulk two years ago cost the hospital a little less than ninety cents an ounce; today it cannot be bought in the Chinese market for less than two dollars and fifty cents an ounce. All drugs have been affected, and the large English firms refuse to issue catalogues of prices to which they will agree to hold for twenty-four hours. Shipping, in these southern Chinese ports has also been interrupted, because the lines have been busy in other ports of the Far East, collecting and transporting from port to port large quantities of supplies for the front. Shipments that usually take four months from date of order, have been delayed six and eight months, causing great inconvenience.

"In last year's report we told you of the work of the Health and Sanitation Committee, and mentioned stereopticon lectures to be given on the House Fly, Sanitation, Tuberculosis, Plague, etc. I am glad to be able to write that some of the lectures bore immediate fruit. This was especially true in the case of the lecture given on plague. Seven centers in Foochow were opened up for inoculation against plague, and over 2500 came for inoculation. This is a big beginning, and the numbers who will take this preventative measure will increase year by year. The epidemic was light this year, so that the test could hardly be called a fair one, but out of the above mentioned number, not one, so far as we were able to learn, caught the disease.

Increase in Cases

"For the first time since the erection of the new hospital building has it been possible to keep up our work of ministry to the needs of the people thru the summer season. Last

spring the Board of Managers voted to continue thru July and August to run a daily clinic, and put one of our Chinese assistants, Dr. Ling Guong-cien, in charge. The work was done under the direction of Dr. Cooper and myself, who made weekly trips from Kullang to Foochow. That the Board's decision was justified, may be seen by the statistics for July and August. Over three thousand cases were treated, as against three hundred and sixty-eight for the same period in 1914.

"For eight months we have been using iron beds with springs! and find the patients take most kindly to them. The hospital also provides its patients with clothing to wear and bed clothes to use while being treated as in-patients. We are planning as fast as these people will follow us to make this an up-to-date hospital as can be found in China.

"In the days when we were carrying on our ministry of healing among the multitudes about Pong-sang, a large district just outside the city of Foochow, Sunday School was part of the hospital's activities. After the transfer of the work to the present location within the City walls, this Sunday School work had to be given over to the church near by, the distance being too great for the children to travel. However, in China, children are never lacking in one's immediate neighborhood, and we found this especially true in our present location. Leading off from the street on which the hospital faces, there is a series of narrow streets and lanes, radiating out like the spokes of a wheel. In the houses on either side of these alleys live the Yamen runners of the golden post, whose means of support come from the unfortunates who were dragged into the Yamen to await trial. The children from these homes are unusually numerous, and, as might be expected, lacking in discipline. All that these youngsters knew of their foreign neighbors was that they were "huang-giang"—a term equal in disrespect to the word "chink" often used by underthinking youngsters at home, in connection with the man under a yellow skin who runs a laundry in America.

Last Christmas the time seemed ripe to launch out into this untrodden deep, and see what sort of a catch we could make.

"Accordingly we sent an invitation to all who would care to come to a Christmas entertainment. They came and filled the hospital chapel to overflowing. During the evening's program, Pastor Guok, one of the ablest pastors, spoke on the significance of Christmas.

"It was a direct message and held the attention of every one in the chapel. Following the message, Dr. Ling, our house physician, gave a general invitation to all in the neighborhood to attend Sunday school. The attendance for the opening session was one hundred and seventy. As for order, well, there was no such thing. The youngsters had never been taught what order meant, and naturally they had no idea how to keep it. As the Sundays have gone by, and we insist that certain rules must be carried out they have begun to see light, and today, after one year of training, the order in our Sunday School is a surprise to all of us. We are delighted, and take courage. An average of twenty-five per Sunday have learned the Golden Text. For the first six months the average attendance was one hundred and eleven; the last half year shows an average of one hundred and forty eight.

"Some years ago while spending our vacation at Sharp Peak, a small island off the southern coast of China, in company with some friends I visited the fishing grounds off the Ormonde Channel. It was a day full of interest for me, for I had never seen the "tollers of the deep" at their work. From our small native boat we could watch the process of launching out into the deep and letting down the nets for a draught. Naturally, the exciting moments came when the ropes began to tighten, and the great net emerged from the sea, bringing from the hidden depths its shiny catch entangled in the webby meshes. As we drew near, we noted that, but for a few strange specimens, the fish were of even size and weight; but it was the several odd members of the fishy family that attracted the most attention.

"I could not help but feel, as I have thought over the numbers of cases that have been brought to the attention of one or the other of the doctors during the past year, how like in many ways is our work to that of these deep sea fishers. Our indrawn net has many interesting specimens to show, and it is these peculiar cases that I should like to tell you something about.

"A man of forty came into our clinic one morning with a bug in his ear. Now you'd think that a fellow who had seen two out of his three scores and ten spin by would have collected more sense than to allow a bug to take up quarters in his ear, but this chap didn't. He allowed friend bug to stay set up housekeeping, and raise a family. As long as the bugs kept quiet he didn't mind, but when they started "rough-housing" he thought it was time to lay the case before Foochow Missionary Hospital; and of course it was up to the hospital to make good. We made good all right, by removing the troublesome inhabitants. Our "bug house" friend left us quite a happy man.

"At college, our professor in philosophy used to tell us a great deal of the relation of mind and body, and dwell considerably on the power of mind over body, and body over mind. I did not think so much of all he told us at that time; but it has impressed itself upon me several times since leaving college halls. A student from one of the large Government schools came to see us one day, and insisted upon being treated for a disease with which he was not afflicted. It seems that in his thirst after Western learning, he had drunk in several articles on the "hook worm disease," and had so

thoroughly digested them that he was sure he was a hospital case. Dr. Cooper listened to this student friend and assured the young man that he hook worm had not laid his hooks on him. Power of mind over body.

"You have all heard the story of Little Jack Horner, and how simply he put in his thumb and pulled out a plum, and all he said about it. He thought it quite a stunt; but I wonder what he would have said if he had attended our out-patient department some months ago, and seen Dr. Wolfe put in—a pair of forceps, (down an old man's throat), and pull out—a set of false teeth. That actually happened, and I have never seen a happier man leave our clinic than this unknown friend. He came in using two of his associates as crutches, and in a series of motions, the most important of which, for the doctor's benefit, was a finger pointed down his throat, he gave us all to understand that there was something down inside there that didn't belong. With so much information as a guide, Dr. Wolfe secured a long curved forceps, and slowly let it make its way down "red lane" until it struck something hard. With considerable skill, Dr. Wolfe opened the forceps, closed them over this hard substance, and the result was a set of false teeth. When our friend saw what the doctor had done for him, he leaped from his chair, and taking his purse from his belt, fairly stuffed the contents into Dr. Wolfe's hand. On questioning the two friends who accompanied the patient, we learned that it was during the hours of sleep that the thing happened. It seems the suction was so great that the artificial masticators could not keep their hold, and slipped in; for six days, no speech, and liquid diet was the result. His case is entered in the General Summary under Accidents and Injuries,—it is one of the six hundred and five recorded there. Foochow Missionary Hospital, because of service rendered, has another Booster on the trail.

"In one of our late September clinics we dove into a young man's ear for nothing short of a cockroach. We had become used to finding bed bugs in folks' ears but who ever heard of a cockroach taking up its abode in such an out of the way place as that? There he was, curled up in a corner, and fast asleep. He was so long, Dr. Cooper took him out in sections—had to count the legs, wings, etc., to see if the entire specimen had been secured. Another mortal made happy—and all because you good people made it possible to set up Foochow Missionary Hospital in the business of relieving folks in trouble.

"From cockroaches to snakes, any biologist will tell you is a pretty good jump to make, but we made it all in one day. A chap came in with a whole nest of snakes in his hand. He told us in all seriousness that he saw them sticking their heads out of two holes, one in the palm, and the other in the back of his hand, and bite people. He laid for them several times with a hot iron, tried to burn them out, but they only drew back their heads to come out some more convenient time. He suggested to Dr. Cooper that he open the back of his hand, and root out the nest. The doctor, however, had his own ideas on the subject; so, he gradually, in two treatments, with the aid of a little iodine, induced the snakes to leave for parts unknown.

Cannot Aid All

"The above-mentioned cases have been described to you in the colloquial of the day, because they were easily cared for with splendid results in each case; but, oh, friends, how it hurts, to stand helpless before the cases that have come too late. Many an eye might have been helped, if only time had not been allowed to come between, and steal away all chances of recovery. So many, in their ignorance, will try every quack on the street, be his method of cure what it may, and only after many hands have spoiled the broth, they come to the foreign doctor to see if he—with no chances at all—cannot undo the harm that has been done. We thank God that these cases are becoming fewer and fewer as the years go by.

"Some of these hopeless cases we are called upon to attend in their homes. Just a month ago a hurry call came in—an attempted suicide case—a young woman of thirty-five upon the death of her husband had not the courage to face life single-handed. Her only living relative was an old uncle, a deaf mute, who made the burden seem greater than she could bear. With some rusty old instrument she sawed her way thru her wind-pipe, thru which the air was escaping, and in which dirt was collecting. Complications set in because of delay in calling the physician, and because of lack of care in the home,—with the result that the woman died after a few days. Economic conditions enter into a great many cases, and it is only after much urging on the part of friends of the afflicted ones that steps are taken to relieve matters.

"These are a few of the strange and sad cases that are brought to our attention. Their number could be increased many times, for scarcely a day passes but what some one with an unusual story to tell lays his case before the doctor. If you can find the time, drop in on us any day, and we shall be happy to share more directly the interesting things we see and hear.

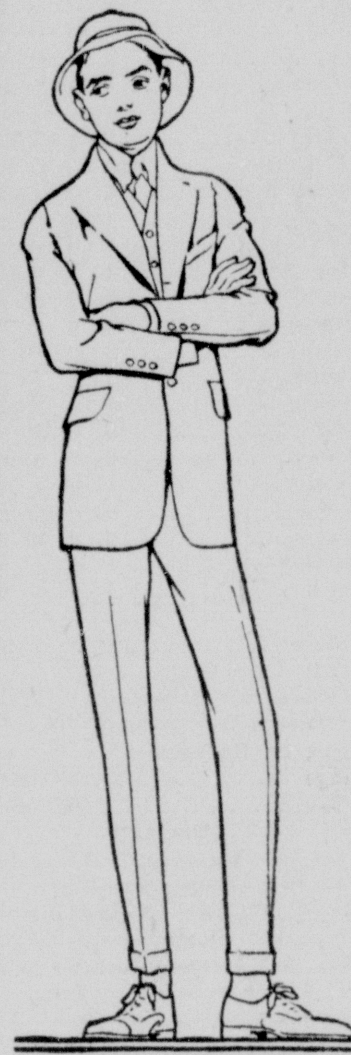

"In a closing word I wish again to thank you for the assurance your letters and gifts have brought to us as we have sought to do service in His name; and the confidence we have that you will back up this great work which we have undertaken together. God bless you, one and all, and make you feel that in serving "the least of these" you are in a big way serving Him.

Yours most sincerely,
Leonard J. Christian.

MRS. MAY'S LETTER TO WOMEN

More Proof that Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Chicago, Ill.—"I suffered from a bad case of female ills. Lydia E. Pinkham's Vegetable Compound was recommended and I took about six bottles. It fixed me up all right. The common symptoms of such a condition—pain when walking, irritation, bearing down pains and backache, nervousness and disordered digestion—soon passed away. I look much better now than I did before, and I recommend the Compound every time for female troubles, as it did for me all it is claimed to do. You have my permission to publish this letter." Mrs. J. MAY, 3548 S. Lincoln St., Chicago, Ill.

If you have any of the symptoms mentioned in Mrs. May's letter, remember what Lydia E. Pinkham's Vegetable Compound did for her, and try it yourself. It is a good old-fashioned medicine, made from roots and herbs, and it has helped countless numbers of women.

If you need special advice, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Market Finishes Strong With July
\$1.03 and September \$1.05—
Corn Gains.

Chicago, June 20.—Unwelcome wet weather both in the southwest and northwest tended today to force up the price of wheat. Largely in consequence, the market finished strong 1/4 to 1/2 cent higher with July at \$1.03, and Sept. at \$1.05. Corn gained 1/4 to 1/2 to 1/4, and oats 1/4 to 1/2. In provisions the outcome varied from a decline to a rise of 1/4.

Wheat values received their greatest upward impetus from the fact that widespread rains threatened interference with harvest operations in the winter crop states, especially Kansas and Illinois.

Just before the close, the wheat market suddenly tightened to the highest point of the day as a result of sellers having awakened to the fact that one of the strongest concerns on 'change had absorbed all the surplus offerings. Reports of unseasonable Iowa temperatures in the Northwest and of excessive moisture and a lack of sunshine there prompted additional anxiety on the part of the bears as the session came to an end.

Corn bulged in price owing to cold weather and too much rain. The scantiness of receipts was a feature. Oats were more uniformly in demand than other cereals. The strength came chiefly from believers in an increased army need of oats for cavalry purposes.

Heavy realizing sales by holders of lard and ribs caused at one time a sharp setback in provision prices. The offerings, tho, were well absorbed and the final average of quotations showed a net gain in accord with an advance in the value of hogs.

PRICES AFTER SETBACK

Exchange Traders Seem Less Concerned About Mexican Situation.

New York, June 20.—Stocks made general but not complete recovery today from their heaviness of the preceding session. The trading element seemed less concerned about affairs in Mexico and prices were actually at their best immediately after publication of the state department's note to the Mexican government.

Dealings were broader, but smaller in the aggregate, with a liberal admixture of short coverings. Reading was the active feature most of the time, with Mexican petroleum, Rock Island, Crucible Steel and Mercantile marine preferred following more or less as named. Rock Island's activity was accompanied by rumors of an approaching agreement on the terms of capital readjustment but the stock lost ground later on indications of further delay.

Mexicans as a group regained 2 to 3 points. Reading almost 2 points, the prominent motors were better by 2 to 7 points, and shipping shares 1 1/2 to 3. War shares were variably higher for a time, particularly the equipments, but these too proved susceptible to realizing, with copper and zinc shares. Total sales of stocks amounted to 445,000 shares.

Dealers in exchange accepted the strength of francs and the heaviness of marks as a direct reflection of recent happenings in the foreign war. Sterling showed a slight recession and another installment of gold from Canada brought the total receipts of that metal from the dominion up to slightly more than \$65,000,000. Bonds were again under pressure. Total sales par value, \$2,880,000.

U. S. 4's declined 1/4 per cent on call.

CHICAGO LIVESTOCK MARKET

Union Stock Yards, Chicago, June 19.—Oliver S. Green, with Waller Bros., U. S. Yards, Chicago, reports the estimated receipts for Monday, June 19:

22,000 cattle.
59,000 hogs.
1,000 sheep.

The run of cattle exceeded the expectancy 4,000 to 5,000 head. New cheap cuts in prices on all but prime bulls. The declines were from 10 to 15c under last week's close. A flat 25c break on ones selling below 10.25. Yearlings of corn and grass continue to be mean actors and generally 50 to 60c under values a week and 10 days ago. Fancy in the special class made 11.50 and 10c above the previous top this year. A short quote above 11c. The stock trade made a further decline. Bulk down 15 to 25c. Even good corn feds 40 to 50c below recent high spot. Fancy hogs however made 9.85. Can-25c down. Calves cut 25c. With more liberal supply of stock cattle, values 10 to 15c lower on them.

The excessive run of hogs started the market 10 to 15c below Saturday when there was a big decline. The later hog market was 5c better than early sales.

Most native sheep 25c lower. Idaho ewes look steady. Wethers and yearlings scarce. Most shorn lambs packed finish. Fancy native springers at 11.60. Some Idaho lambs 11.35 to 11.65.

Cattle quotations:

Good to prime heavy heaves, 10.70 to 11.50.

Good to choice corn feds, 9.90 to 10.65.

Medium to good short feds, 9.15 to 9.85.

Plain to decent warned ups, 8.30 to 9.15.

Common to plain grass steers, 7.55 to 8.25.

Inferior to rough grass steers, 7.10 to 7.60.

Common to fair yearlings, 8.00 to 9.50.

Good to prime yearlings, 9.85 to 11.00.

Butcher stock:

Fat cows, 5.75 to 8.75.

Heifers, 5.85 to 9.85.

Bulls, 5.75 to 8.35.

Canners and cutters, 4.00 to 5.83.

Calfes common heavy to good vealers, 5.00 to 10.50.

Choice to prime vealers, 10.75 to 11.75.

Stockers and feeders:

Common to fair, 5.75 to 8.25.

Good to choice, 8.40 to 8.25.

Sheep and yearlings:

Native ewes, 3.50 to 7.00.

Export native ewes, 7.00 to 7.75.

Native breeding ewes, 6.75 to 7.25.

Export native wethers, 7.50 to 8.25.

Idaho ewes, 4.50 to 7.50.

Bucks, 5.00 to 5.50.

Rucks, yearlings, 6.00 to 6.50.

Lambs:

Native lambs, 6.00 to 9.25.

Native spring lambs, 9.25 to 9.65.

Native spring lambs, 8.00 to 11.60.

Idaho spring lambs, 9.25 to 9.65.

Colorado lambs, 8.00 to 9.95.

Hogs:

Mixed packing, 9.25 to 9.50.

Mediums to butchers, 9.50 to 9.60.

Heavy packers, 9.35 to 9.60.

Rough heavy throw outs, 8.50 to 9.10.

Light weights, 9.10 to 9.55.

Select packing and shipping, 9.60 to 9.80.

Pigs and rough, 3.50 to 9.65.

KANSAS CITY STOCK YARDS, JUNE 19

Arrivals of cattle today were much larger than expected and the market had a decidedly weaker tendency except for strictly dry lot steers, and few in that class were offered. The day's trade added nothing new in the general tendency in the market as the price movement was increasing the spread in quotations, by maintaining high record levels for the dry lot steers, and the half fat, especially those cattle that have made weight gains on grass, are lower. The extremes in the market today were steady to fifteen cents lower, mostly ten cents off. The fat steers here today came from a wide area, Texas sending in liberal supplies from below the quarantine line. A train load of steers came from Arizona, Oklahoma, Colorado and Nebraska were fairly well represented and Kansas had a good many wintered, grass fed steers here today. The range in prices was \$6.50 to \$10.75, mostly \$8.25 to \$10.25. The lowest priced steers were on the quarantine side. Cows and heifers were in limited supply and mostly steady in price. Demand for stockers and feeders was active, and prices for stockers sold at \$7.50 to \$8, and feeders up to \$8.50. Hog prices were down 5 to 10 cents and about 20 cents under the high point last week at the opening today but at close of market, prices ruled steady to strong with active demand. The top price was \$9.70, and the bulk of sales ranged from \$9.15 to \$9.65. Lambs were quoted 10 to 15 cents lower, and sheep were steady. Most of the offerings were spring lambs that brought \$10 to \$11.75, top Arizona lambs \$11. Clipped Texas sheep brought \$6.75 to \$7, and breeding ewes sold up to \$8.

DAVIS SWITCH

Mrs. J. S. Butler is quite sick at her home near Woodson.

Mr. and Mrs. Dick Butler entertained for a few days last week Mr. and Mrs. A. G. Crozier and niece, Miss Florence Gailey of Jacksonville. All had a fine time.

Mr. and Mrs. Dan Baldwin of Peoria were recent visitors at the home of Mr. and Mrs. Sheppard near Woodson.

Mr. and Mrs. Clarence Sheppard spent Sunday with Mrs. Sheppard's parents, Mr. and Mrs. Wright of Murrayville.

Mr. Walter Carter living south of the city, who has been at the Passavant hospital the past three weeks, where he underwent an operation is getting along nicely.

Mrs. Charles Lewis of South Jacksonville was agreeably surprised when her two daughters, Mrs. James Winter of Nebraska and Mrs. Walter Parkins of Minnesota formerly of this neighborhood walked in and surprised their mother. Mrs. Parkins is planning to take her mother home with her.

Alice Paul has been quite sick the past week, but at this writing is much better.

Mr. William Paul was transacting business in Chandlerville the past week.

Mrs. J. H. Devore and Mrs. Jack Leach spent Sunday with Mrs. J. S. Butler near Woodson.

This community was shocked last Tuesday morning when word was received of the death of A. J. Harding. Mr. Harding will be missed not only by his relatives but by his friends and neighbors as well. He was a good friend to all. In memory of Mr. Harding a friend has written. In memory of the good you did While you were with us here, We faint would honest tribute pay With mourning hearts sincere.

Corn spot firmer; No. 2 yellow, 85c @ 1.10 New York.

Oats spot steady; standard, 46 1/2c.

We go and yet the work goes on. Our labor not in vain. Will have a fruitage in the land Unknown to grief or pain.

We labor mid discouragements, And feel our work is naught, But He will not forget the ones Who faithfully have wrought.

NEW CLOTHING FIRM.

R. T. Cassell has rented the store room vacated by Isaac Worfolk to a clothing establishment composed of persons in the city and is having the place renovated for the new tenants. The names Mr. Cassell withholds for the present.

Mrs. Newton Peters is visiting friends in Chapin.

GRIGGSVILLE

Mr. and Mrs. Joe Wade arrived home yesterday from several days' visit in St. Louis.

Mr. and Mrs. Ralph Kellum of Idaho arrived here Saturday evening for a visit with her mother, Mrs. George May, before going to Beverly their former home, and where they may spend the winter. The trip was made overland in their touring car.

Misses Carrie Bartlett, Irene Brueck, Alma Sargent and Margaret Waters spent Sunday in Beardstown. Mrs. George Kneeland and daughter Norma will leave Thursday for La Platte, Mo., for a month's visit with Mr. and Mrs. Lyman Ader and family who formerly resided here.

Mrs. James Cheese Wright and sister Mrs. C. Cook spent Sunday in Hannibal with Mr. and Mrs. Paul Clinefelter and family.

Mr. and Mrs. Melvin Lister and family of Pittsfield spent Sunday with his parents, Mr. and Mrs. Abbott Lister.

Mrs. Truman Beedle arrived home today from Mt. Sterling where she visited her husband, who is employed by the Wells Fargo Co.

John Napier, the young son of Mr. and Mrs. T. Napier who has been ill for some time, is improved.

Mr. and Mrs. Ernest Evans of St. Louis are here visiting her parents, Mr. and Mrs. T. Napier.

Mr. and Mrs. Val Doane, accompanied their son Fred Doane and wife to Quincy, where they took the latter's little son Kitchell who has been ill many weeks, to St. Mary's hospital.

Richard Moore is visiting at the Strawn residence in Jacksonville.

Miss Grace Snyder is visiting her father Harry Snyder at Hannibal.

Mr. and Mrs. John Whitefield and son Alvin, who has been seriously ill from ptomaine poisoning are recovering. The family became ill yesterday and for a time there was but slight hopes. It is thought that they were poisoned from a pudding which had been made the day before and left in a granite pan.

A few evenings ago as Willie Baxend and Arthur Light were racing on their bicycles near the Brush school house hill the latter's wheel which was going with great velocity struck a rock with such force that he was hurled high into the air, lighting on his head and in such a way that his collar bone and his right arm were both broken. He was rendered unconscious for some time. A physician was called and at present he is resting nicely.

Saturday night as Charles, the little son of Mr. and Mrs. Jerry Cornes was crossing the street he did not see an auto driven by Joe Myers approaching and as a result the car struck him going over his head. At first he was thought to be injured internally but he was frightfully bruised but no bones broken and the since confined to his bed is getting along as well as can be expected.

Abbott Fagan who was recovering from a long illness during the winter months is again confined to his bed and is in a very weak condition.

A Fine Aid For Mother-to-be

A Helpful Influence At This Most Interesting Period In Woman's Life

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pains incident to stretching of cervical ligaments and muscles. They tell of restful comfort, of calm, peaceful nights, an absence of those distresses peculiar to the period of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Regulator Co., 808 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.

We can go back half a century for letters from women who used "Mother's Friend." And it was this sort of recommendation that extended its use until today it is sold in almost every drug store in the United States. It is considered a standard remedy and one of the most efficient helps known. Directions for using are very easily complied with and it may be used at any time whenever needed.

Caution: Do not use if you are pregnant or nursing.

Our young women are so busy that they do not have time to read the book.

Make sure you get the real "Mother's Friend" from Bradfield Regulator Co., Atlanta, Ga.

DIRECT COUNTRY BUYING IS TERMED MENACE TO SHIPPERS

Live Stock Exchange Commission Issues Letter Charging that Railroads are Favoring Certain Packers.

The Farmer and Drovers' Journal in a recent issue has the following article protesting against the growing practice of farmers selling direct to the packers.

"There is growing uneasiness among live stock shippers against the privileges granted by the carriers to certain packers who make no concealment of their intention to secure control of the Price-making Function. The most inequitable of these privileges is that of concentrating live stock at certain railroad points which are maintained free of expense to the packer, who in addition, gets gratuitous switching and is allowed to fill out loads in transit, while the shipper who stops to fill out is required to pay two local rates.

"The country shipper is beginning to realize that the conspiracy of the direct country buying packer to control live stock prices is aimed at him. It means his extinction as a Trade Factor. If the campaign is successful there will be no country shippers or traders. The packer will fix an arbitrary price much after the same manner as the Pullman Company fixes berth and seat rates. The Producer will have no alternative but to accept the Packers' offers and the Shipper will find his vocation gone.

An Iowa Case

"Mr. J. S. Copeland, a live stock shipper at Grinnell, Iowa, asks why he cannot have the same railroad privileges at that point as the Squibbs Concern (Swift & Co.) get at Keithsburg where the railroad maintains a concentration point for this packer's benefit. Mr. Copeland must pay two local rates if he stops to fill out. The direct country buying packer gets a thru rate and does much as he pleases in transacting railroad business. It is to disrupt this combination, obviously illegal, that the National Live Stock Exchange proposes to go to the Interstate Commerce Commission. The Railroad Company is granting the packer at Keithsburg valuable privileges which are denied Mr. Copeland at Grinnell, and all other private shippers at all points along its system.

"In other words, the railroads are aiding the packer in his nefarious effort to destroy competition at the open market and thus control prices. Charles Hasley, a shipper at Searsboro calls attention to the manner in which the shipper is being crowded to the wall by the Direct Country Buying packer. He contends that at certain seasons filling out loads is essential to the profitable conduct of the hog shipper's business, and that when railroads penalize the private shipper for the benefit of the direct buying packer, they openly array themselves against the shipper. In his own case he was charged an extra \$7.20 on a car of hogs loaded at Searsboro, Iowa, which was stopped to fill at Moore, Iowa, while the Direct Country Buying packer was allowed "Filling-Out Privileges" without extra cost on thru rate.

Will Injure Country Shipper

"It is a palpable scheme to put the Country Shipper out of business and leave the producer at the mercy of the packer," he said. "Shippers unable to detect this would have difficulty in seeing a hole in a ladder. We particularly resent the attitude of the railroads in penalizing us while the packer evades the tax. It cannot be defended on the ground that the railroads need revenue, as they are giving large sums annually to the packers."

"The Direct Country Buying packer is exerting his influence with railroads perniciously, and to the detriment of the regular shipper in other ways. In the case of southern Wisconsin live stock dealers, penalization in the matter of time is a new wrinkle. This merely illustrates how insidiously the campaign to control prices is being carried on.

"Formerly hog shippers from points west of Madison, Wis., destined for Chicago and Milwaukee were divided at Jefferson Junction, proceeding to their respective destinations without delay.

"But the Direct Country Buying packer at Milwaukee (Cudahy) conceived the idea that if he could tie up shippers going to Chicago, at Jefferson Junction, he would be in control of this situation. He shook his 'Tonnage Club' at the railroad management, which promptly complied with his demand.

"The result is that live stock producers and shippers in all that territory must do business with this Direct Country Buying packer at Milwaukee, or load the previous day. It is a practical demonstration of the effective manner in which the Direct Country Buying packer is using the railroads to muzzle the country shipper, and secure a monopoly.

"This encroachment on the rights of the regular shippers is steadily proceeding. The system works 24 hours daily, seven days a week. The illegitimate alliance between the direct country-buying packer and the railroad, unless disrupted, means the extinction of the country shipper and the elimination of competition everywhere. The producer of cattle, hogs and sheep will then be in the same condition as the tobacco grower, at the mercy of a 'Packingtown Oligarchy,' entrenched behind defenses maintained by the railroad.

"The situation warrants the serious consideration of both producers and shippers. The campaign of the packer to secure price-control has been a long one. Every inch of ground gained has been zealously held. Once the traffic is put on the non-competitive basis aimed at, no

redress for the producer will be possible. The only alternative will be that of going out of business.

"The commission man is in the fix, and it should be the fight of everybody whose interests will suffer by extinction of the competition. Philip H. Hale, editor of the 'National Farmer and Stock Grower' of St. Louis, Mo., a recognized authority who for many years edited the 'National Live Stock Reporter' at East St. Louis, says in his last issue of the Journal: 'Those who are first interested in free and open competitive markets are those who, being butchers and packers on a smaller scale, are the first direct sufferers from present conditions. Those who are secondly interested in free and open competitive markets are those who depend upon them for the sale of the live stock they produce. Those who are third in the subject are the commission forces, whose powers in the service of their customers are curtailed under present conditions, and the fourth are the legislators, municipal, state and national, who are the guardians of the liberties of the people. There is some hope that the live stock market may be set right again; and if that fails, it is only a question of time when live stock production will fall also.'

"Mr. Hale obviously included the country shipper in the category of those interested in free and open competitive markets. It will be a sorry day for the shipper when the Direct Country Buying packer is able to do to him what he proposes. The National Live Stock Exchange is fighting for the rights of the independent butcher, the consumer, the producer, the country shipper, as well as the commission interests. The Direct Country Buying packer is working assiduously to manacle trade in live stock, backed by the powerful aid of the railroad interest, which is being coerced by the 'Tonnage Club,' a threat of loss of the packer's business unless it complies with his demands, which it invariably does.

"This is the time for every interest menaced by the conspiracy to suppress competition to stand together. When the Direct Country Buying packer has accomplished his purpose it will be too late."

Early Spring Work on Corn

Early spring work on corn, which the Association has been urging for the past several years, is now showing most satisfactory results throughout the county. The continued rains have prevented proper cultivation and encouraged weed growth very greatly. It many places where the corn land was prepared and planted in the short period of 10 days to 2 weeks, the corn fields are all green with weeds and are being and will continue to be, seriously damaged.

Where thorough cultivation over a period of four to six weeks was practiced before planting, which practice is common to the Association members, we find the corn fields clean; weed seeds were encouraged to grow into weeds and were killed before the corn was planted. It pays to cultivate corn before it is planted; the extra labor required is only a reasonable price to pay for it. Early cultivation insures against adverse seasons, such as this. It will pay to look up some of these well cultivated farms and study them.

Curing Sweet Clover and Alfalfa Hay
Certainly no worse season than this could be experienced in the curing of alfalfa and sweet clover hay. Many have been unable to have their hay in a condition fit for storing. A few, however, have put up excellent hay, both of the alfalfa and sweet clover kinds. Everyone should learn how these few "did it." Art Wolfe, of Streator, put his first alfalfa hay this season and it is in splendid condition. His shocks, after a long siege of rain, are yet quite dry and will cure out beautifully. Careful examination shows that the water has not penetrated these shocks only about three inches.

Clover and alfalfa hay put up before it gets appreciably dry (when just wilted good sheds water nicely when put into shocks, and will cure out very satisfactorily; but such hay, if put into shocks after it is cured, will quickly mold and spoil if much rain is had. It will pay to study this method of curing hay in your own and other communities.

Cutting Alfalfa and Red Clover
I find many persons still cutting alfalfa on "evidence of blossoms." This is on guide. Many have cut before the new crop started; this will result in serious injury. The only satisfactory guide to be used in determining time of cutting alfalfa is the new growth which develops at the crown of the plant. This should be from 2 to 3 inches high before the old crop is cut. Old crop should be cut high enough to prevent clipping this new growth.

Red clover should be cut in a similar way; at a height of 3 to 4 inches or so. This leaves new growth in the stubble, uninjured.

IN JUSTICE COURTS.

Charles Taylor went before Justice Dyer yesterday and swore out city and state warrants against John Taylor charging assault and battery. The hearing is set for Wednesday, June 28.

Mrs. H. G. Cordery swore out a warrant in Justice Dyer's court Tuesday against Kent Johnson, charging larceny. It seems that Johnson has been going with a daughter of Mrs. Cordery's and they exchanged rings. Thru some misunderstanding probably, the girl wanted her ring and it is said gave Johnson's ring to Chief of Police Davis to return to him and get her ring. It is said Johnson refused to give up the ring. The complaint alleges that the ring is valued at \$10.

Lieut. Thomas K. Hale of Co. B, swore out a warrant before Justice Dyer yesterday charging George Williams with stealing a pair of government shoes from the armory on South Main street. The value of the shoes is placed at \$2. Williams is said to have sold them to Joseph Mendonsa. According to Justice Dyer, Williams, who is a member of the company, has been in similar trouble before. When he was arraigned in court he agreed to give up the articles and the case was dismissed. It is alleged that Williams again entered the armory and broke open a locker and secured the shoes.

THREE WILLS FILED FOR RECORD TUESDAY AT COURT HOUSE

Mrs. Mary Ratliff Left Large Estate—Money to Brothers, Nieces and Nephews—Mrs. Gilbert Executrix of W. J. Moore Estate.

Three wills were filed Tuesday in the office of County Clerk C. A. Boruff. Mrs. Mary J. Ratliff of Concord, who died recently, appointed E. E. Crabtree as executor. Mrs. Mary V. Hampton of Meredosia named her daughter, Maude C. Graham, as executrix, and the will of the late W. J. Moore provides that his daughter, Mrs. Louise Gilbert, shall execute the will. Mr. Moore's will was drawn April 30, 1915, with Jacob Long and Henry W. English as the witnesses.

Mrs. Ratliff's will was drawn on the 5th day of June, 1916, with Carl E. Black and Charles M. Hopper as the witnesses. A further affidavit was made by M. T. Layman and D. W. Reid that the testatrix was of sound mind when the signature was affixed. After providing for debts, Mrs. Ratliff directed that household and kitchen furniture should be divided equally among her nephews and nieces. She directed that her executor shall sell real estate as soon as practicable and that the returns therefrom be a part of the property to be divided in accordance with the will. One-fourth is to become the property of Carrie E. Nichols, Mrs. Charles Honsmyer and James T. Gaddis, children of Abigail Gaddis, sister of the testatrix. One fourth is to go to Felix B. Brown, brother of Mrs. Ratliff and one-fourth to James P. Brown, another brother, with the provision that he is to pay \$1,500 due to John D. Ratliff, husband of the testatrix. The remaining fourth is to be divided during the lifetime of George P. Brown and Louis Brown, sons of George P. Brown, a brother of the testatrix, and pay them annually the proceeds. At the death of these nephews the property is to descend to their children. Mrs. Ratliff's property includes valuable farm lands near Concord.

Mrs. Mary V. Hampton's will was made July 3, 1915, with John M. Butler, K. Grace Quinlan and Arthur Dunn as the witnesses to the signature. Small bequests of personal property were made to Maude C. Graham and Kathleen Graham, and the executrix was directed not to request the payment of \$500 advanced to the husband of Mrs. Hampton for the purchase of property in Mt. Sterling. To him also was bequeathed lots 10 and 11 in block 25, Aylesworth and Cobb's addition to Meredosia. All the remainder of the property was to be divided to Maude C. Graham, who is named executrix without bond.

ROUTT ALUMNI
ENJOYED BANQUET

GATHERED TUESDAY NIGHT FOR
SOCIAL OCCASION AT LIBERTY
HALL.

Aid Society Served Splendid Menu—
Scott Sweeney Presided as Toast
Master—Rev. Luke Mandeville and
Fr. Formaz Among Speakers.

The Routt College alumni and students gathered Tuesday evening in Liberty hall and enjoyed a delightful banquet served by the Catholic Ladies Aid society. About one hundred and fifty people were present to visit their alma mater, and all expressed great satisfaction at the way the college is progressing.

A delightful six course banquet was served, the menu including a splendid array of good things.

After the banquet toastmaster Scott Sweeney presided. In his opening remarks Mr. Sweeney told of the hardships the earlier students went thru. He said he had the honor of being a member of the "soap box class." He explained this by saying that the first class of Routt instead of having desks and seats did their studying on soap boxes for a period of several weeks. Mr. Sweeney complimented the authorities of the college upon the great improvements that had been made in the course of time and said he hoped Routt would keep on improving.

Loyalty to the College.

Mr. Sweeney then introduced Miss Helen Butler of the class of '14, who spoke on the loyalty to the college. She said that it had not occurred to her that any one who had ever gone to Routt was not loyal. She told of the loyalty that had always existed in the college and said that it was plain to be seen that loyalty to Routt was still instilled in the hearts of every student.

The toast master then introduced Joseph Becker, '16. Mr. Becker in his remarks said that he was proud to be a member of the class of 1916 because he thought that that class came nearer measuring up to Father Crowe's ideal, in that it was composed entirely of boys and the largest number of boys ever graduated in a single class. He said that he thought that every boy who had received his diploma would not stop there but would continue work in the college next year.

What Success Means.

John Groves then spoke on success. He said that while money is not the thing which makes a man successful it plays an important part in the making of a success in this world. He said that efficiency was the greatest factor in the making of a success. Whatever line a man goes into he must be efficient. A farmer is efficient if he can raise good crops. The priest is efficient if he can save souls. He said that education was one of the most vital things in success. He urged the students to read widely and emphasized the value of attention to personal appearance. He said that the slouch would never get by in the world, but the man who was neat and up to the minute in his appearance would be the man who would land the biggest jobs.

Mr. Groves closed his speech by reading the following poem by Miss Bessie Sweeney.

Routt College.

First, last and always to Routt a toast,
Where we're treated the best and
grumble the most,
Where the Heavens bend a little
lower

And the Dark of Night comes stealing
slower,
Where December's snows are a wee
bit whiter
And June's blown rose is a little
brighter,
And even its perfume is sweeter
there

Tan Arabia's spices, scented, rare,
Where the scarlike Dawn of silvery
gray
Shows more blessings at peep of
Day.

Blessings that fall a little thicker
Where the warm heart beats a wee
bit quicker,
Where the blue of the sky is always
bluer

And the truths we learn a strange
bit truer,
Where the friendships last a little
longer
And the lifting hand is all the
stronger,

Where the words we speak are meant
for good
And the wrongs are righted and un-
derstood,
Where the grasp of the hand is a
wee bit tighter

And the childish grief is a little
lighter,
Where even the call is heard the
stronger
And the welcome Home's a little
longer,

Where only the best is giv'n for
naught
And Life's small plan is finely
wrought,
Where the road ahead is a little
clearer

And even God seems a wee bit nearer.
First, last and always to Routt a
toast,
Where we're treated the best and
grumble the most.

Isadore Froelich was the next speaker introduced. He said that he like Mr. Becker was proud to be in the class of 1916, and was also very proud indeed to become one of the alumni. He said that he knew the alumni would stand by the college in all her undertakings.

A Graduate Now a Priest.

Mr. Sweeney then said he considered it an especial honor to be able to introduce an alumnus of Routt

College who had gained the highest profession it was possible for a man to gain, and he then presented Father Luke Mandeville.

Father Mandeville who graduated with the class of 1908, said he certainly considered it by no means the least of privileges that he had been able to spend seven years of his preparatory work in Routt College. He said it seemed very good to see so many of the old faces he used to see as well as to see all the new ones. He extended congratulations to the men who had graduated the night before and especially did he congratulate Miss Sweeney who was the only one to receive a degree this year. Father Mandeville said he desired to thank the people who showed him so much kindness on last Sunday. He said he was proud to represent the class of '08 because fifty per cent of her students who started in the academy received their degrees. He spoke in glowing terms of the work that is being done by the college and closed his remarks by a quotation, "Remember we are one. United we stand, divided we fall never be."

Fr. Formaz Praised Students.

Father Formaz was then introduced, and his praise of the students of Routt was high. He said that he did not think there was another school where the spirit of union between student and teacher was so strong. He said that the students were always willing to do what they should do and the teachers were always willing to help them do that thing. Routt college he said was organized that the poor people might have the benefit of college life. To that particular end the college has always worked.

In discussing the financial side of the college Father Formaz said that the institution is not making money and it is like a miracle that the needed funds come. He told how the Knights of Columbus in St. Louis had almost declined to believe that a college could run and do any kind of work on the resources that Routt had. He said that this could be credited to no one person, but it was that spirit of Loyalty that prevailed that kept the college together. He said that people had asked him to see the results of the college. The pupils themselves are the results of Routt College. They are the ones that show what the school is doing. Father Formaz said that the pupils should not only appreciate themselves what the college had done for them but should show others and make them appreciate what has been done for them. "You," said Father Formaz to the students, "are the determining factors of the school."

The young people then adjourned to the third floor of the college building where dancing was enjoyed. About fifty couples were present and all had a most enjoyable evening. The music for the banquet and for the dancing was furnished by Kearns' orchestra.

were intensely interested when they recently visited the Pinkham Laboratory at Lynn, Mass., and saw the extreme cleanliness and purity which prevail in the preparation and storing of Lydia E. Pinkham's Vegetable Compound, as well as of her other medicines. An hour is required to go thru so large an establishment. One thing which struck the visitors was the great number of files containing the letters of women who told how much the famous Compound had done for them. Only a part of them are published, and no letter is never published without the writer's permission.—adv.

BULLETINS

Naco, Ariz., June 20.—Six hundred Americans arrived here today on a special train from Cananea, Sonora. With but few exceptions members of the party said they had not been subjected to any indignities from the Mexicans.

San Diego, Cal., June 20.—With the departure from this port tonight and at daybreak tomorrow of a squadron of armed cruisers and a flotilla of torpedo boat destroyers, the greatest naval demonstration in the history of the Pacific fleet with the west coast of Mexico as its objective will be recorded. Within a few moments after an outbreak of hostilities, every west coast Mexican port from Guaymas to Salina Cruz could be blockaded.

Douglas, Ariz., June 20.—The American flag, flying over the hotel in which was located the office of American Consul W. A. Julian, at Cananea, was made the target of hundreds of Mexican bullets during the anti-American demonstration last Saturday night, according to American refugees arriving here today. After daybreak when the demonstration ended, the emblem still floated in the breeze.

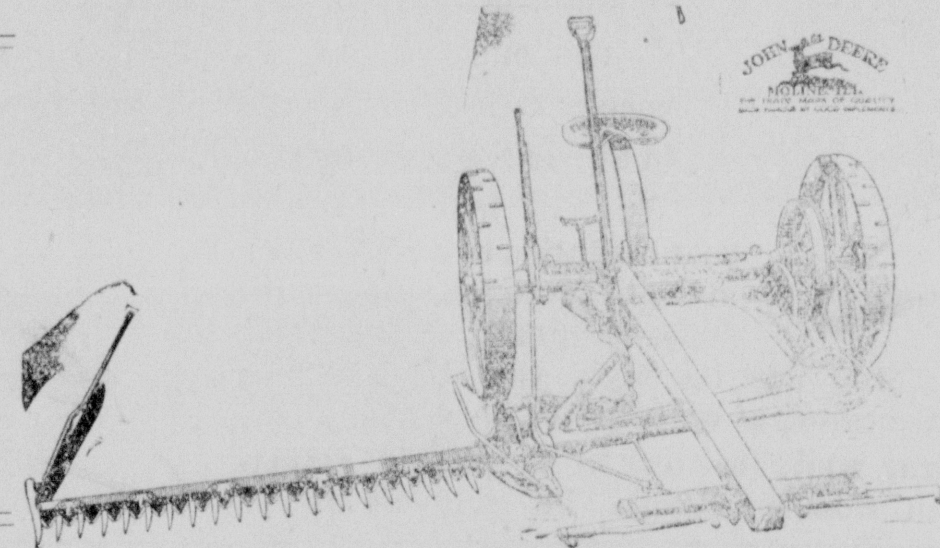

El Paso, Tex., June 20.—Frederick Griese, a German banker of Mexico City was under detention by agents of the department of justice here today, charged with violation of the United States neutrality laws. Griese was prevented last night from crossing into Mexico.

Agents of the Department of Justice are maintaining secrecy regarding the exact allegations against Griese pending investigation. It is said however, that his detention is an outcome of various reports regarding the spreading of anti-American propaganda in Mexico. He spent last night in jail but was released today. Meanwhile Washington has been notified.

Miss Hazel C. Wilson of Haverhill, Mass., is in the city for a visit with Miss Jessie Allen on North Diamond street. Miss Wilson is returning from Nashville, Tenn., where she was recently graduated from Fisk university.

FISCHER SUIT AGAINST C. B. & Q. BEGUN IN CIRCUIT COURT

Seek To Recover \$20,000 From Road On Account of Death of Fireman.

Hearing was begun Tuesday in the circuit court of the trial of Louis P. Fischer, as administrator of the estate of Theodore L. Fischer, against the C. B. & Q. railroad. In this suit the administrator is seeking to recover the sum of \$20,000 damages on account of the death of Theodore Fischer, who was scalded in a collision of two Burlington engines at Beardstown. The young man was a fireman and was in the cab of one of the engines when the two came together, and as a result of the impact something occurred which scalded the young man so seriously that he subsequently died from his injuries.

Paul P. Thompson of this city and E. J. Sullivan of East St. Louis appear as attorneys for the estate and the attorneys for the defendant railway are Kirby, Wilson & Brockhouse.

TO BE WEDDED TODAY.

At 8:15 this morning at the Church of Our Savior, John J. Buckley of Alton and Miss May Carroll of this city are to be united in marriage. Father Formax, officiating. Immediately after the ceremony there is to be an elaborate wedding breakfast at the home of the bride on Routh street. Bernard Dolac is to attend the groom and Miss Rose Carroll, sister of the bride, will be bridesmaid.

Mr. Buckley is the son of James Buckley of this city and is an industrious upright young man. He is a machinist employed in the Western Cartridge Works in East Alton. The bride is the daughter of Mr. and Mrs. Peter Carroll and is a young lady of fine character and winning manners. Both were born and reared in this city. Later in the day they will proceed to St. Louis and remain the rest of the week when they will go to Alton and at once begin house keeping.

WILL GIVE COURSE OF TALKS.

Hugh Green gave Monday evening the first of a series of six lectures on "Parliamentary Law, Practices, Usages and Procedure" to graduate nurses of the city, assembled at Passavant hospital. In the first lecture, the attorney did not touch the more technical side of the subject but outlined the plan of study and gave some interesting examples illustrating the need of elementary parliamentary practice on the part of everyone.

CALL ISSUED FOR RECRUITS FOR LOCAL MILITIA COMPANY

Twenty-Five Men Wanted For Enlistment—Belief Is Regiment Will Soon Get Mobilization Order.

Members of company B are disappointed that their regiment was not included in the first call for troops, to be mobilized in Springfield and then go to the Mexican border. However, they firmly believe that the call will speedily come and the members of the company are filled with anticipation. First Lieutenant Hale has issued a call for twenty-five recruits, as that number will be required to bring the company up to full strength. Judging from the number of inquiries the lieutenant has had, there will be little difficulty in securing the required number of enlistments. While a number of local young men would not be keen for enlistment if no service was in sight, now that there is prospect that there will be an early need for troops on the border, they are anxious to get into uniform and go to the front. It is the intention of the officers to drill regularly each day and everything will be kept in readiness so that a prompt response can be made when the call comes.

LITERBERRY

Samuel McGlothlin and Wm. Harris of Plainsville, Ill., are spending a few days with Joyce Litter and family.

Mrs. Mary Vastine of Hastings, Nebraska, is at Sunny Slope on Sweet Brier avenue. Mrs. Vastine will be here for some time with her parents, Mr. and Mrs. W. E. Murray.

Mr. and Mrs. Ona Crum gave a twelve o'clock dinner Sunday to a number of friends.

Mrs. Lee Scrimmer, who has been sick with tonsillitis, is able now to do her work.

BACK FROM OKLAHOMA.

Walter DeShara and his mother, Mrs. James A. Scott, returned last night from Custer City, Okla., where they went a week since on account of the serious illness of Mrs. Scott's brother, J. F. Nunes, who has been a resident there for ten or twelve years. Mr. Nunes suffered a stroke of paralysis involving his entire left side. While his condition is serious, physicians were uncertain when to expect any change, and after spending a number of days with her brother Mrs. Scott decided to return home. Another sister who lives in the east is now with Mr. Nunes.

RETURN FROM WEST.

Miss Margaret K. Moore return Tuesday from Salt Lake City, where she has spent the school year as instructor in Westminster college. Enroute home, Miss Moore stopped at Colorado Springs, and Manitou and visited a number of points of interest in that locality.

HAS LEG AMPUTATED.

Mrs. Edward Markille of Winchester who had a very serious operation at St. Mary's hospital is still in a very serious condition. She has been suffering with blood poison for the last few weeks and it finally became necessary to amputate the leg.

GOES TO EFFINGHAM

Louis J. Schutty of the local Western Union force was transferred yesterday to Effingham, Illinois, as manager. The Effingham manager was called to Springfield for National Guard duty.

GOOD CLINIC REPORTS

Three hundred and seventy-one visits were made last month by Miss Martha Coale, public health nurse, according to the report made at the monthly meeting of the Morgan County Anti-Tuberculosis league, at the public library Tuesday night. Patients treated at the clinic numbered 137 and new cases to the number of 25 were reported. Dr. R. O. Post, Dr. Josephine Milligan and Mrs. Herbert Capps were appointed a committee to submit plans for work at the clinic during the coming year.

CARD OF THANKS

We take this method of thanking those who so kindly gave aid during our bereavement, the death of our brother, J. A. Kelly, especially do we wish to thank Jacksonville Pythians for their kindness and sympathy.

HOUSEHOLD SCIENCE CLUB HELD MEETING AT BLUFFS

Canning Demonstration Had Important Place on Program—Children's Party Given for Russell Wills.

Bluffs, June 19.—Mr. and Mrs. John Smith of Plymouth arrived Sunday for a visit with the latter's mother, Mrs. Johnson Chapman and also to visit her father, who is at the Passavant hospital in Jacksonville.

Miss Eva Anderson came over from Mt. Sterling Sunday for a visit with friends and to attend the children's day exercises.

Mrs. Wm. Montague has returned from Mercedosa where she has been the guest of Miss Sallie Chance and brother, Bishop.

Russel Wills entertained sixteen of his friends to an afternoon lawn party Monday in honor of his eleventh birthday. Refreshments of cream and cake were served.

Mrs. Edna Colutas and daughter, Vera arrived Tuesday for a visit to her parents, Mr. and Mrs. Monroe Taylor.

Mrs. R. B. Holliday returned from Springfield Tuesday where she has been the guest of friends.

The Household Science club met with Mrs. Henry Oakes as hostess Tuesday afternoon. Owing to the absence of Mrs. Sargent the Round Table Landscape Gardening was led by the president, Mrs. H. C. Finney. After the discussion Mrs. G. M. Burrus sang a solo which was nearly applauded. Mrs. G. M. Burrus demonstrated her method of canning strawberries. She took 2-4 as much sugar as berries and placed them on a slow fire and boiled gently for 15 minutes, being careful to remove skum. At the end of 15 minutes she turned off the heat and placed them in sterilized jars. Put up in this way, the berries are of a deep pink and the juice quite thick. Cherries and other berries may be put up in this way with excellent results. Mrs. Wm. Montague demonstrated a white nut candy called "heaven." This was excellent. The next regular meeting will be held with Mrs. Anna Arundel as hostess, Tuesday, July 18th.

Mr. and Mrs. Charles Wills and sons, Russel and Charley left Tuesday for a visit in Springfield.

WILL GIVE RECEPTION

TO DELEGATES.

Worthy President Ralph R. Stringam has planned a reception for Junior Past State President Frank U. Correa, Michael McGinnis and Fred W. Doherty, who were delegates to the State Convention at Rock Island last week. A report of the state meeting will be presented to the acerie. After the regular meeting a luncheon will be served and a smoker enjoyed. A program of musical numbers and short talks will be given and it is expected the largest attendance of the year will be present.

Everybody is going to be in the parade at the 4th of July celebration, so get a Ford and join us.

RETURN FROM SOUTH.

Mr. and Mrs. C. L. French, who have spent the winter and spring months at their home in Pensacola, Fla., have arrived in Jacksonville to remain a month or more. For the present Mr. and Mrs. French are at the Dunlop. Talking about the past season, Mr. French said that reports of cold weather in Florida were exaggerated and that as a whole the season there had been very pleasant. The French home at Pensacola is modern and spacious and they greatly enjoy spending the winter seasons in the south.

WORK ON BRIDGE STARTED.

The work of tearing out the county farm bridge has begun and with good weather rapid progress will be made. While this work is in progress the road will be necessarily closed.

BIG HAIL STORM STRIKES

FRANKLIN TUESDAY AFTERNOON

Storm Interferes With Telephone Service in Different Parts of County—Scottville Cut Off.

Hail in large quantities fell late Tuesday afternoon in Franklin and vicinity and when the storm had abated enough remained to whiten the ground in many places. Throughout the south portion of the county telephone communication was interfered with and south of Franklin many lines were out of order and a number of poles were down. Scottville was said to be completely isolated.

In Winchester the storm was pronounced to be one of the heaviest for several years. Rain fell in torrents, there was considerable property damage in the business section and all over the city, limbs were torn from trees. The course of the storm seemed to extend in a northeasterly direction.

In Jacksonville a heavy rain began about 4:30 o'clock and continued for more than an hour. There was some wind, but not enough to cause appreciable damage. Reports from the north spoke of nothing more than hard rain. The total rainfall of Tuesday was reported by George H. Hall of Alexander as .76 of an inch.

The roof was partially torn off the home of Charles N. Wyatt, five miles south of Franklin and a half a dozen good sized trees in the immediate neighborhood were blown down. South of this point all lines were out of order and the exact nature of the damage in the Scottville vicinity, it was impossible to learn. From Roodhouse and White Hall there were no reports of damage by wind. The storm zone did not extend as far as St. Louis.

WARNING.

The premature celebrating of the Fourth of July by the discharging of firearms, torpedoes, etc., is prohibited. Persons violating this order will be arrested.

GEO. P. DAVIS, CHIEF POLICE.

MR. REES CANDIDATE FOR CONGRESS

Thomas Rees, one of the publishers of the Illinois State Register at Springfield, has just announced his candidacy for the Democratic nomination for congressman from the 21st Illinois district. Mr. Rees has been for thirty-five years one of the proprietors and publishers of the State Register, which is now recognized as one of the most influential Democratic newspapers in the state. Mr. Rees founded his success on experience in the mechanical department of newspaper making. He began his work as a night pressman and climbed steadily until today he is at the head of a great newspaper.

Mr. Rees served acceptably for two terms as a state senator and his career in Springfield has constantly given evidence of his public spirit. He has been closely identified with the commercial and industrial development of Springfield and in party politics has had an influence reaching much further than the boundaries of Sangamon county.

As a member of the senate he performed notable service for the development of the state along various lines. He was the author of the bill and secured the adoption of the commission for the building of good roads in this state. Altho his life has been so busy in the upbuilding of the Register and in his political work, Mr. Rees has found a great deal of time for travel and he has written several books of travel and contributed to the press a number of practical essays on newspaper work. The state senate is the only other public office that Mr. Rees has sought and he declined renomination for that office. His character, training and experience qualify him well for the office he is now seeking and if the 21st Illinois district is to be represented by a Democrat, the voters of that district cannot do better than to honor Mr. Rees. He is an honest, high class leader who could be trusted in congress to give the interests of the people first consideration.

INCREASED DEMAND FOR CAVALRY HORSES

The Mexican situation has resulted in an increased demand on the part of the government for cavalry horses. An order for 2,000 has just been transferred from Chicago to East St. Louis. Commencing today horses offered for this contract will be inspected at the national stock yards by Capt. Clyde E. Hawkins, quartermaster corps U. S. army, or some officer detailed by him. The Holland & Maxwell company took the contract because it was doubtful if the number of horses required could be secured promptly in Chicago. The adjutant general of Georgia sent a telegram to the national stock yards for a supply of horses and mules. The horses are to be used for mounts for the officers and the mules to draw the wagon trains. The prices suggested were not satisfactory to the St. Louis dealers and the order was not accepted.

SENDS CHECK TO POLICE

As substantial evidence of his appreciation of the effective work done by the police department in recovering the property stolen from his West Morgan street store Sunday, George H. Harney sent his check for \$25. The property stolen was speedily recovered and Mr. Harney felt obligated to the police department for the interest shown and the effective work done.

INCUBATOR CAUSES FIRE

The explosion of a lamp in an incubator is thought to have been the cause of the fire which broke out Tuesday morning at 2 o'clock and completely destroyed the home of J. T. Lacey, west of Nortonville. The farm is the property of J. L. Wyatt and the loss is partially covered by insurance. But a few of the household goods were saved.
